

The Biodiversity Seminar Series is pleased to announce

Mr. Adrian Luczon

from the Biodiversity Management Bureau
of the Department of Environment and Natural Resources, Philippines

presenting the talk

“DNA Barcoding of Philippine Endemic Taxa”

Abstract:

The presentation will highlight current DNA barcoding efforts in the Philippines. I will also introduce the members of our lab which do the DNA barcoding and then present some data on the taxonomic groups we have barcoded. Lastly, I will discuss our future plans for DNA barcoding work, particularly in wildlife forensics.

When: Thursday October 27th 2016 at 12:00 pm

Where: Visualization Theatre, Room 1009
Biodiversity Institute of Ontario
