

The Biodiversity Seminar Series is pleased to announce

Aide Cornielle

From Universidad Autónoma de Santo Domingo

presenting the talk

“Biodiversity of the Hispaniola Island and DNA Barcoding in the Dominican Republic”

Abstract:

In this talk, I will describe the most important features of the Hispaniola Island's biodiversity and the importance of the DNA Barcoding in species identification during biodiversity research in the Dominican Republic.

When: Thursday August 11th 2016 at 12:00 pm

Where: Visualization Theatre, Room 1009
Biodiversity Institute of Ontario
